RUN MACRO FROM SECOND SHEET

The following voting process will be used to recommend projects under PPL16 to the Task Force:

- 1. Each agency represented in the Technical Committee will be provided one ballot for voting.
- 2. Each agency represented in the Technical Committee will cast weighted votes for 6 projects assigning a 6 to their highest priority vote and a 1 to their least priority vote. All votes must be used.
- 3. Each agency will submit their votes hand-written on the above ballot form
- 4. Initial ranking of projects will be determined based on the number of agency votes received for a project (unweighted).
- 5. A weighted Sum of Points Score will be tallied and used in the event of a tie in the initial ranking.
- 6. The Technical Committee will vote to recommend "up to four" projects to the Task Force.
- 7. In the event of a tie at the cutoff (up to 4), the weighted score may be used as a tie-breaker (if the Technical Committee decides to break the tie).
- 8. The tied projects will be ranked based upon a sum of the weighted score.
