**Habitat Classes**
- Marsh - Fresh
- Open Water - Fresh
- Wetland Forested
- Wetland Scrub/Shrub - Fresh
- Upland Scrub/Shrub
- Jetty
- Upland Forested

**Project Location**

**Source:**
The habitat data were derived from 1:12,000 scale color-infrared photography shown here at 1:24,000 scale. Preconstruction color-infrared photography was obtained on December 19, 2001. Habitat classes are based on "Classification of Wetlands and Deepwater Habitats of the United States" (Cowardin and others, 1979, FWS/OBS - 79/31) as modified for the National Wetlands Inventory mapping conventions.
