Public comments will be heard during the meeting today and additional written comments may be forwarded to the CWPPRA Program Manager, by February 8, 2013 for dissemination to the CWPPRA agencies.**

Coastal Wetlands Planning, Protection and Restoration Act 23rd Priority Project List New Voting Process Announcement

Regional Planning Team (RPT) Coastwide Electronic Vote

The RPTs will select four projects in the Barataria and Terrebonne Basins and three projects in the Breton Sound and Pontchartrain Basins based on the high loss rates (1985-2010) in those basins. Two projects will be selected in the Mermentau, Calcasieu/Sabine, and Teche/Vermilion Basins. Because the Atchafalaya Basin is currently in a land gain situation, only one project will be selected in that basin.

If coast-wide projects have been presented, the RPTs will select one coast-wide project nominee. In addition, the RPTs will select six demonstration projects for further evaluation.

RPTs will select PPL 23 nominees via electronic voting on February 19, 2012. Parishes within each basin will be asked today to identify who will vote during the coastwide electronic vote. More information on the new voting process will be provided to the designated voters.
